

PRODUCT SPECIFICATION SHEET

MBL1 LED Downlight

The UFO MBL range of high performance fittings features a sleek design and the latest magnetic articulation for 360° rotation.

With a bezel of 15mm in diameter and a body of 37.5mm in length, the surface mountable MBL1 is the smaller of the two fittings in this range. It features a cleverly designed magnetic ball joint that provides complete freedom of movement, allowing the luminaire to be fully rotated and tilted to point the light in almost any direction.

Available with a choice of colour temperatures, high colour rendition, and a selection of optics, the diminutive fitting provides contemporary, functional lighting in any indoor environment.

Depending on the driver specified, the MBL1 can be dimmed using any of multiple options.

GENERAL INFORMATION

Light Source	White light LED
Operating Environment	Indoor use
Material	Aluminium
Finishes	Black, white, silver, custom RAL colour
Dimensions	Base: Ø30mm x 5mm Head: Ø15mm x 37.5mm Base height: 25mm
Weight	40g
Securing Method	Secured through surface with screws

ARTICULATION

Rotation	360°
Tilt	90°

LED ARRAY DATA

LED Type	Osram Oslon Square on 9.5mm Diameter PCB
LED Life (L70, B10)	>54,000 Hours
Fitting Drive Current	350mA or 500mA
Power Consumption	1W @ 350mA, 1.5W @ 500mA
Colour Temperature Options	2700K, 3000K, 4000K
CRI	>95
Lumen Output	100lm @ 350mA, 140lm @ 500mA
LED Luminous Efficacy	98lm/W
Driver Type	Constant Current LED Driver Required

OPTICS DATA

Optics Family	Ledil - Lisa2
Available Optics	16° / 23° / 36° / 61°

DRIVER DIMMING OPTIONS (Depending on specified driver)

Driver Specific	None 0-10V DALI DMX Mains Local Potentiometer Remote Potentiometer
